Clothing and Household Item Room

- ◆ This area of Manna Outreach Inc. is completely supplied by the kind donations of concerned people. No Manna funds are spent to supply clothes or household items.
- ◆ Clothes and household items are given out as we have them. The amount given to each client family depends on what is available at that time.
- ◆ All items donated should be in usable, nearly new condition (and brand new is great!). We are not able to launder or iron clothes, and do not repair household items.
- ◆ Call or email us anytime to check on our current clothing and household item needs. Thanks for your concern and help!
